

LUBRICANTS FOR A HEALTHIER PLANET™

People, Planet, Prosperity

Sustainability means something different to each person. To some it means environmental stewardship and protecting our planet, to others it means keeping people safe and healthy, and for some it's as simple as ensuring that their business is built to last and prosper. Hydrotex created the Lubricants for a Healthier Planet product line because, to us, sustainability means everything.

The Lubricants for a Healthier Planet product line was designed to improve worker and consumer safety, prevent harm to the environment and support sustainable processes while maximizing uptime, equipment reliability and profit. These products have demonstrated significant improvements over traditional lubricants and fuel improvers in one or more of the following categories:

Minimally Toxic

*To be considered **minimally toxic**, the lubricant must:*

- ◆ Contain no carcinogens
- ◆ Contain no mutagenic compounds
- ◆ Contain no acute toxins
- ◆ Contain no bio-accumulative heavy metals

Many of the products in this category meet additional health and safety classification requirements, such as NSF food grade, non-toxic to aquatic life, and safe for use in potable water systems.

Resource Conserving

Resource conserving lubricants and fuel improvers have all shown major proven reductions in energy and fuel consumption, and resulting carbon emissions. Hydrotex fuel improvers have also been proven to reduce harmful air pollutants such as carbon monoxide, nitrogen oxides and sulfur oxides.

Bio-Responsible

Bio-responsible lubricants make the most of naturally sourced base oils and biodegradable components. All bio-responsible lubricants are either proven to be readily bio-degradable, built from bio-preferred base oils, or both.

All used oils and greases in the Lubricants for a Healthier Planet product line may be safely recovered through used-oil recyclers. Hydrotex is consistently innovating to improve fuel improver safety, and has eliminated the use of particularly dangerous toxins and carcinogens found in traditional fuel improvers, such as benzene, toluene, xylene and cumene.

Lubricants for a Healthier Planet are also designed to provide long oil life and extended asset life due to decreased wear, which reduces unnecessary waste and replacement costs. Hydrotex's Lubricants for a Healthier Planet optimizes your equipment's performance and reliability while protecting your people, planet and prosperity.

The following Hydrotex products qualify for the Lubricants for a Healthier Planet program.

🌱 Bioresponsible

💧 Minimally toxic

💧 Resource conserving

Food Grade Hydraulic Fluids

- 💧 🌱 Ultra-Kleen XPL Low Viscosity Food Grade Lubricant (SKU 5710)
- 💧 🌱 Ultra-Kleen XPL Medium Viscosity Food Grade Lubricant ((SKU 5720)
- 💧 Ultra-Kleen Food Grade Light Viscosity Lubricant (SKU 5610)
- 💧 Ultra-Kleen Food Grade Hydraulic & Compressor Oil (SKU 5620)
- 💧 Majestic 819 Food Grade Hydraulic & Compressor Oil (SKU 0819)

Food Grade Gear Lubricants

- 💧 🌱 Ultra-Kleen XPL High Viscosity Food Grade Lubricant (SKU 5730)
- 💧 Ultra-Kleen Food Grade Gear Oil (SKU 5630)
- 💧 🌱 Ultra-Kleen PAG (SKU 0953)

Food Grade Greases

- 💧 Ultra-Kleen 540 Food Grade Grease (SKU 0540)
- 💧 Ultra-Kleen 550 White Food Grade Grease (SKU 0550)
- 💧 Ultra-Kleen 553 Kleer Food Grade Grease (SKU 0553)
- 💧 Ultra-Kleen 555 White Food Grade Grease (SKU 0555)
- 💧 Ultra-Kleen 556 Kleer Food Grade Grease (SKU 0556)
- 💧 Ultra-Kleen 557 Food Grade Grease (SKU 0557)

Food Grade Specialty Products

- 💧 🌱 Ultra-Kleen XPL Pure Air (SKU 5740)
- 💧 🌱 Ultra-Kleen HyTemp Food Grade Blower Oil (SKU 0580)
- 💧 Ultra-Kleen 570 Sub-Zero Food Grade Lubricant (SKU 0570)
- 💧 Ultra-Kleen 604 Food Grade Chain & Cable Lubricant (SKU 0604)
- 💧 Ultra-Kleen 856 Food Grade Chain Lubricant (SKU 0856)
- 💧 🌱 Ultra-Kleen 857 HyTemp Food Grade Chain Lubricant (SKU 0857)
- 💧 Ultra-Kleen Food Grade Slitter Knife Oil (SKU 0686)
- 💧 Ultra-Kleen Food Grade Drip Oil (SKU 0811)
- 💧 Majestic 800 Food Grade System Flush (SKU 0800)
- 💧 Majestic 801 Food Grade Cooker Oil (SKU 0801)
- 💧 Majestic 810 Food Grade Silicone Fluid (SKU 0810)
- 💧 Majestic 813 Food Grade Process Oil (SKU 0813)
- 💧 Majestic 814 Food Grade Anti-Corrosion Process Oil (SKU 0814)
- 💧 Majestic 817 Food Grade Seamer Oil (SKU 0817)
- 💧 Majestic 818 Hydro-Kleer Food Grade Process Oil (SKU 0818)

Hydraulic Fluids

- 💧 🌱 SYN-Nth Hydraulic Fluid (SKU 0255)
- 💧 HyDiamond Fluid 6Kp (SKU 0026)
- 💧 HyDiamond Fluid 15Kp (SKU 0220)
- 💧 Majestic Hydraulic Fluid (SKU 0426)

Gear Lubricant

- 💧 SYN-Nth Gear Oil (SKU 0950)
- 💧 Hydro-Syn EP (SKU 0027)
- 💧 Hydro-Syn EP Limited Slip (SKU 0277)

Fuel Improvers

- 💧 Power Klean (SKU 0021)
- 💧 Power Klean Supreme (SKU 0246)
- 💧 Power Klean Arctic (SKU 0024)
- 💧 🌱 Lubricity PLUS (SKU 0248)
- 💧 Injector-Kleen (SKU 0008)
- 💧 Injector-Kleen 3000 (SKU 0088)
- 💧 🌱 Hydro-Sorb II (SKU 0244)

Engine Oils

- 💧 HyFilm LEO Heavy Duty SAE 5W-30 (SKU 0012-530)
- 💧 HyFilm LEO Heavy Duty SAE 5W-40 (SKU 0012-540)
- 💧 HyFilm FST (SKU 0032)
- 💧 HyFilm LEO EPG (SKU 0018)
- 💧 HyFilm LEO EPD (SKU 0019)

Transmission Fluids

- 💧 Hy-Torque (SKU 0004)
- 💧 Hy-Torque HV-ATF (SKU 0404)
- 💧 Hy-Torque LV-ATF (SKU 0405)
- 💧 SYN-Nth HyTrax (SKU 4101)

Greases

- 💧 No. 670 COPR Gear Cote (SKU 0670)
- 💧 No. 9003 Corrosion Control Grease (SKU 9003)
- 💧 No. 9460 Corrosion Control Grease (SKU 9460)

Specialty Products

- 💧 🌱 Beaver Spit Biodegradable Bar & Chain Lube (SKU 0534)
- 💧 No. 105 Silicone Spray Lubricant & Release Agent (SKU 0105)
- 💧 Compressor, Gear & Hydraulic System Flush (SKU 0079)
- 💧 Majestic Ultra Turbine (SKU 0021)
- 💧 No. 224 Economy Barrier Fluid (SKU 0224)
- 💧 No. 225 Performance Barrier Fluid (SKU 0225)
- 💧 Majestic BTU Heat Transfer Oil (SKU 0028)
- 💧 🌱 No. 521 HyTemp Lubricant (SKU 0521)
- 💧 🌱 No. 520 Synthetic High Temperature Chain Lubricant (SKU 0520)
